EAST TENNESSEE STATE UNIVERSITY

Cyber Security Workshop for K-12 Educators

June 8 – 9th 1pm to 6pm, 2023

Venue: Brinkley Center (former Millennium Center),
Johnson City, TN

Attention all cyber enthusiasts and K-12 Educators!

East Tennessee State University is excited to announce Cyber Camp, an immersive experience that will take cybersecurity skills to the next level of excitement!

Is open to any K-12 educator and practitioner who is passionate about cybersecurity, whether you are a beginner eager to explore this fascinating field or looking to integrate cyber content in the curriculum.

- gain the valuable insights into the world of cybersecurity from the ETSU Cyber team's coach and the faculty who got the recent success to put the Team in the 3rd place in the Regional South Eastern Cyber Defense competition.
- Connect with like-minded individuals, build your network, and form lasting friendships.
- Learn NIST's National Initiative of Cybersecurity Education (NCIE) framework for K-12
- Explore emerging trends, techniques, and tools that have been used by the K-12 Educators, and prepare and expose your students to the Cyber security career and upcoming cyber competitions
- Sharpen your practical skills through hands-on training

Registration: To secure your spot, visit us at <https://forms.office.com/r/1JGsKuj43Y> and complete the registration form. Limited seats are available, so don't miss out on this incredible opportunity! This is a free event, refreshment will be provided.
